**Brain Balance Achievement Centers Welcomes Trzil as
Sensory Motor Coach for Brain Balance in Indianapolis**

***Please see attached picture of Dee Trzil*

INDIANAPOLIS, Ind. – Brain Balance Achievement Centers is pleased to announce that **Dee Trzil** has been named sensory motor coach for the Brain Balance facility in Indianapolis.

In this role, Trzil works with children in the sensory motor room doing a variety of activities, including computer work, motor skills, coordination, strength training and balance exercises.

Currently serving as physical therapy technician for Chiropractic Neurology Center in Indianapolis, Trzil has nearly 20 years of experience in the physical therapy field. She has previously worked at Ekren Physical Therapy and Advanced Physical Therapy Center, serving as physical therapy technician for both organizations.

Originally from Flint, Mich., Trzil attended Southeastern University in Lakeland, Fla. She also serves with husband Tim as children's pastors at Carmel Assembly of God and volunteers at the Women's Ministry Center.

Residing in Carmel, Ind. with her husband and two children, T.J. and Shelby, Trzil loves to be outdoors camping, biking, running and swimming. She ran the mini-marathon in 2010. She also enjoys working out and spending time with her family.

Brain Balance Achievement Centers offer the Brain Balance Program in 38 nationwide locations. This *non-medical* program has been successful in helping hundreds of children who suffer from ADD/ADHD, Dyslexia, Tourette's, Asperger's and Autism Spectrum Disorders.

For more information about Brain Balance Achievement Centers and the Brain Balance Program®, please visit www.brainbalancecenters.com. Find Brain Balance Centers Indianapolis at www.brainbalanceindy.com as well as on Facebook and Twitter at @BrainBalanceIN.

Brain Balance Achievement Centers offer the Brain Balance Program® in 38 nationwide locations. The Brain Balance Program is an individualized and comprehensive approach to helping children with neurobehavioral and learning difficulties surmount their unique challenges. This proprietary, non-medical program has been successful in helping hundreds of children reach their physical, social/behavioral health and academic potential. Brain Balance Achievement Centers works with children who suffer with attention deficit disorder (ADD), attention deficit/hyperactivity disorder (ADHD), dyslexia, obsessive-compulsive disorder (OCD), Tourette's, Asperger's and Autism Spectrum Disorders.

The Brain Balance Program methodology was developed by Robert Melillo, D.C., DABCN, FACFN, FABCD; he started using it in 1994 with patients as an educational program. In 2006, Dr. Melillo co-founded Brain Balance Achievement Centers with William Fowler. He also authored a book, "Disconnected Kids," which shows parents how to use the Brain Balance Program's drug-free approach at home. For more information, visit www.brainbalancecenters.com.
